

Staff prepare for run-in with The People Animators

Team enjoy day of activities at Wycombe Swan Theatre.

Staff at Wycombe Wanderers geared up for the run-in with a special training day at the Wycombe Swan theatre last Wednesday, facilitated by The People Animators.

The day's activities included a number of team-building sessions and discussions relating to the strengths and opportunities available to the off-field team, which combines newly-appointed individuals with a number of staff members who have each served the club for more than 10 years.

Wanderers general manager said: "Just as the on-field team benefit from the fantastic development days organised by Gareth Ainsworth and the coaching staff, we wanted to get ourselves together – away from the office – and really focus on what we can do better as a team to maximise our potential.

"There is a fantastic amount of talent, hard work and dedication amongst the office staff and we also enjoyed the chance to reflect on what we do well. We're extremely grateful to David Yeabsley and Katie Baldock from **The People Animators**, who provided a hugely interesting and worthwhile session for us, and we look forward to kicking on as a team over these final eight games and beyond as we being to prepare for next season as well."

The club would also like to thank the Wycombe Swan theatre for hosting the staff for the day.
