

'Click and collect' option in place for Rebellion beer tent

Pre-order your pint and collect it in the express lane.

Wycombe Wanderers, in partnership with TicketCo UK, are pleased to launch a new cashless payment option at various bars around Adams Park, beginning with this weekend's fixture against Lincoln City (k.o. 3pm).

Wanderers supporters will be able to pre-order drinks from the Rebellion beer tent in the Chairboys Village via the [TicketCo website](#) or app, and simply display the QR code at the bar to receive the drink at the express queue for 'click and collect' purchases, cutting queue times.

Meanwhile, fans in the Caledonian Suite (including ale station), Monty's bar and Rebellion beer tent will be able to pay by credit or debit via new contactless technology at the point of sale.

Mark Palmer, from the club's management team, said: "We've taken on board feedback from supporters about lengthy queues at the bar at peak times on matchday, and are pleased to have worked with TicketCo to develop a 'click and collect' solution which enables fans to pre-buy their drinks and pick them up from the bar.

"This weekend's game is a soft launch of the new procedure, which we hope to roll out across the stadium in the weeks to come, while we're also working on improving the wi-fi connections at all point of sales to enable contactless payments at every food or merchandise outlet.

“We’ve had a lot of success already with the new TicketCo platform when it comes to fans buying tickets quickly and simply online or via the app, saving themselves time and money thanks to the £2 discount that’s on offer. Hopefully this new development is another positive step for our supporters’ matchday experience and we’re looking forward to seeing how it fares this weekend.”

David Kenny, TicketCo UK Country Manager, said: “The pre-ordering option is an easy to use modern solution that helps reduce waiting times. It is fantastic working with such a forward-thinking football club that cares about its fans. Supporters are now starting to see the additional benefits of the TicketCo technology as we develop Wycombe’s cashless strategy in partnership with the club.”

The Chairboys Village, Caledonian Suite, Monty’s bar and Printkick Fan Zone for away supporters all open at 12pm. To pre-order a drink, head to **tickets.wwfc.com** and select the ‘Click and Collect’ option for the Rebellion beer tent, and follow the steps to order your drinks. Once the order is completed, you’ll receive a QR code to your smartphone, which can be scanned at the bar and your drink will be handed over.
