

Print Direct Solutions join club partners

Chairboys strike up new partnership with family connectio

Wanderers have teamed up with locally-based Print Direct Solutions, who come on board as an Official Print and Signage Partner of the football club.

With offices in Langley and also High Wycombe, where their BluePrint branch is located, Print Direct have already provided the club with fixture posters, pull-up banners and a number of stadium signage boards for the club's newest sponsors.

BluePrint have also taken up sponsorship of the matchday teamsheets, displaying their advert on the reverse, and taken up signage opportunities for themselves in both the stadium and car park.

The club's account with BluePrint is managed by Mark Hyde, brother of Wanderers hero Paul who starred for Wycombe in the early 90s.

He said: "Wycombe has always been a special club for me and my family, and I'm proud to have been able to strike up a relationship between Print Direct Solutions, BluePrint and the football club.

"We've really enjoyed supporting the club with its print and signage needs and are thrilled to have seen them make such a positive start to the new season on and off the pitch."

Mark Palmer, management consultant at Wycombe Wanderers, said: "Mark and his team have provided us with a really efficient and professional service during the first couple of months of our partnership, which has been a huge help to us in our efforts to get the stadium branded with signage for our new sponsors.

"I know Paul was a Wycombe hero in the 90s and it's nice to keep the family connection going by working with Mark, and it's also great for us to be working with a local company who have an office right in the town centre."
