

# Peter to pedal to Amsterdam for Prostate Cancer UK

Season ticket holder looking for generous donations.

**Wanderers season ticket holder and Trust member Peter Radford will be representing the Chairboys on the 'Football to Amsterdam' cycle challenge for Prostate Cancer UK this summer - and he's looking for generous donations from fellow fans.**

The event is a two day, 145-mile bike ride to the Dutch capital, putting football rivalries aside to tackle prostate cancer once and for all. Prostate cancer is the most common cancer in men. It's a disease which kills one man every 45 minutes – that's two men during a football match. But Prostate Cancer UK know that we can turn it around. Their aim is to make this a disease the next generation need not fear.

It has been 18 months since Peter completed a Lands End to John O'Groats challenge, and then tackled sepsis followed by a prostate cancer operation.

He said: "I was lucky and the prostate cancer was caught early, the operation went well and I have been scoring 0.00-something in the blood tests ever since - so far so good.

"High time then to put some effort into raising funds and awareness for the disease and the clever people who are tackling it."
