

Adams Park shop relocates

Reception and shop swap places.

Wanderers have refurbished its shop and reception zones to relocate the retail space into the larger area at the front of the Adams Park building.

Although currently closed due to Covid-19 restrictions, the reception area will be the first port of call for visitors and enquiries, while the new and improved shop area is being stocked up with a wide range of new retail items, all of which are available online at www.fcshop.co.uk.

Keep an eye on the website and social media platforms for news on when the stadium shop is due to reopen.
