

Wycombe Wanderers are thrilled to launch a new membership programme ahead of the 2022/23 season, giving fans who are not season ticket holders the opportunity to enjoy priority booking access for all games, plus other benefits.

The membership programme is ideal for those supporters who cannot commit to buying a full season ticket or subscription, but want to be first in line to snap up the best available tickets for home and away games, plus cup fixtures subject to demand.

This means you'll have the first choice of your preferred seats before they're released for general sale, and you'll also have access to the first priority window for 2023/24 season tickets.

In addition, becoming a member entitles you to a welcome pack, which includes an A5 notebook, soft feel pen, bottle opener and silver badge for adults, and the notebook, pen, drinks bottle, drawstring bag and keyring for junior members, all delivered to your door in a smart and stylish presentation box. The first packs will be distributed on 1st August.

Adult memberships are available to all fans over the age of 18 for just £30, with junior memberships available to under 18s for £20. The membership lasts for the duration of the 2022/23 season.

In order to become a member, you'll need to hold (or create) an account at tickets.wwfc.com.

Tickets for the opening three home fixtures will go on sale to members - and season ticket holders wishing to buy additional seats - at 10am on Thursday 14th July, with general sale for the first two home fixtures kicking off at 10am on Friday 15th July.

That means if you want to select the best seats for the curtain-raiser against Burton Albion on Saturday 30th July, sign up to become a member to book your seats before the general sale period begins.
