

Wanderers are pleased to confirm the continuation of the matchday bus service provided by Carousel Buses.

The 'Wycombe Wanderer 1' shuttle bus service will operate between High Wycombe railway station and the stadium for home and away fans for league matches.

It will collect passengers at the bus station and at stops along the route through Dashwood Avenue.

And in further good news fares for the matchday shuttle service are still part of the national £2 fare cap for single journey, meaning a return ticket will cost just £4 per person.

Departing the rail station at 12.40pm, 1.30pm and 2.20pm, the service will arrive at the bus station five minutes later, and drop off at Hillbottom Road at 12.57pm, 1.47pm and 2.37pm.

The return journeys will leave Adams Park at 5.25pm, 6.05pm and 6.45pm, giving fans the chance to stay behind for a post-match drink before heading back to the town.

The continuation of the service builds on its successful launch during last season's campaign via a formal partnership between Carousel Buses and Wycombe Wanderers.

Luke Marion, Carousel Buses Managing Director, said: "We're pleased to confirm our Wycombe Wanderers matchday shuttle service is returning for this season.

"Our partnership with the football club has gone from strength to strength and we're looking forward to helping more supporters attend matches and support their local club.

The service is great community asset, value for money and helps reduce congestion and carbon emissions."

You can view the timetable online at [carouselbuses.co.uk](https://www.carouselbuses.co.uk), and track the bus's live route via their app (App Store and Google Play).

[Local Carousel buses on route 32/32A](#) will also be in operation. Buses drop off at The Hour Glass Pub. Please check your journey before you travel.
