

Wycombe Wanderers Football Club require a hard-working, open-minded, passionate and humble individual within the role of Academy Player Support Officer.

The purpose of the role will be to create a world-leading learning environment that equips our aspiring footballers with the pastoral support, personal development and wellbeing required to thrive, both in their sporting careers and beyond.

This exciting new position in our Academy will be responsible for:

- Developing authentic, caring & professional relationships with our professional development phase players and families.
- Overseeing transitions & induction of players to and from the professional development phase.
- Developing an individualised life-skills & personal development programme for players in the professional development phase.
- Creating and delivering informal & formal methods to support the mental & emotional wellbeing of our professional development phase players.
- Working closely with senior staff to ensure professional development phase players have safe & appropriate accommodation & transport provision.
- Ensuring we receive regular players & family feedback so they feel genuinely heard and we create insights that help us improve their experience.
