

OLD PROGRAMMES AVAILABLE FOR COLLECTION

A surplus of duplicate Wycombe Wanderers programmes dating back to the 1970s has been made available for collectors and supporters as a result of a memorabilia project led by Frank Adams Legacy Limited.

Over the years, programme collections have been donated to the club and - adding these to those already on site - the group has now created an archive of match programmes with library copies of nearly all matches going back to the 1949/50 season.

The group has identified many duplicate copies, which have been sorted into seasons stretching back to the 1970s, which are now on offer to fans.

If you are interested in any of these, either in batches, or individual requests, then please contact former programme editor Phil Ball directly on philball762@btinternet.com who will review your requests and deal with the handover.

Whilst there is no charge for these programmes, the group would appreciate a donation of your choice to Prostate Cancer UK which Phil will arrange with you at the time of collection.

The group would like to thank the numerous people who have kindly donated their collections to the club over the last few years; the largest collections being received from the family of Ian Mitchell and from Phil Ball who has donated his own extensive collection. These have enabled the group to create its archive to hold for posterity.

Once again, if you would like to add to or start your own programme collection, please contact Phil Ball by email at philball762@btinternet.com for more details.

Phil will discuss collection options, one option being to pick up from Adams Park on matchdays between now and Christmas.

The closing date for your enquiries is Wednesday 17th December after which, due to lack of storage space, we will dispose of any that have not been claimed.
