

Wycombe Wanderers' brand-new home shirts for the 2026/27 season are now available to buy online and in-store at Adams Park!

The designs were unveiled ahead of the Chairboys' fixture against Rotherham United earlier this month and are now ready for fans to get their hands on, priced at £50 in adult sizes and £40 for kids, with a [mini-kit for younger kids](#) available for £45 for ages up to 6 years old.

Fans who pre-registered were the first to hear the news that they're now on sale, and you can now head to shop.wwfc.com to buy online, or head to the store at Adams Park between 10am-4pm on weekdays, or at the Picnic on the Pitch event from 12pm-4pm on Bank Holiday Monday (25th May).

Produced by Hummel, the shirt proudly features Origin Doors and Windows as the main sponsor, while the back showcases Stadium Support Services' logo.

Please note shorts and socks are not yet available to buy; these will follow later this summer, along with the new away kits, goalkeeper strips and a range of training and travelwear. It is not currently possible to order shirt printing when ordering online, though this can be arranged in-store.

The club are also running a huge sale on the remaining 2025/26 kit items, with bargains waiting to be snapped up. [Head to the website](#) to see what's still available.
