

Wareham's a Wanderer

Jayden Wareham is Wycombe Wanderers' newest recruit, arriving from Exeter City having scored 22 times in all competitions last season.

The striker has moved for an undisclosed fee from the Devon club, and could make his debut for the Chairboys against Milton Keynes Dons at Adams Park on Saturday, having signed after the registration deadline for Tuesday's fixture with Sheffield Wednesday.

Wareham, aged 23, started out in the academies of Reading and Queens Park Rangers before moving into non-league football with Woking, but was snapped up by Chelsea in 2021.

He scored regularly for the Londoners at youth level and spent time on loan with Leyton Orient before returning to Reading in 2023.

Exeter was his next port of call last summer and he excelled for the Grecians despite their relegation, netting in their 4-0 FA Cup win over the Chairboys as well as the 1-1 draw in the league in February.

"His competitive edge is a key quality that we wanted to add to the squad."

Tom Stockwell Director of Football Strategy and Data Intelligence

Wanderers' Director of Football Strategy and Data Intelligence Tom Stockwell said: "We are excited to welcome Jayden Wareham to the club. It's been a long road but we are happy to have secured a long-term deal for someone who we see as a complete striker who we can play into, can threaten in behind and is excellent in the box.

"With 19 league goals last season, 22 in all competitions, we see Jayden adding the fire power for us to compete in League One.

"He is a tenacious and hard working player. His competitive edge is a key quality that we wanted to add to the squad. He is relentless with his work from the front and this sets the exact tone that we want to see throughout the team.

"Jayden is fit and ready to go, and will link up with the squad on Thursday to be available for the squad on Saturday's match with MK Dons. I'm sure he will get a fantastic reception from the fans."

Jayden's move remains subject to FA and EFL approval.

We'll be introducing Jayden to the crowd ahead of Tuesday's league clash with Sheffield Wednesday at Adams Park, so be in your seats for 7.30pm to welcome the new man.
